Compliance report to conditions of environmental clearance issued by

**Ministry of Environment & Forests, Govt. of India, for Mareto Sodo Iron Ore Mine
(T.C. No. 06/55)**

Letter No: J-11015/1241/2007-IA.II(M) dated 24/12/2009

Production: 1 MTPA as per Environment clearance, however the current production limit is 0.451 MTPA as per capping imposed by state govt.

Period – April 2016 to September 2016

S. No	Condition of clearance	Status of compliance	Remarks
A.	Specific Conditions		
(I)	Environmental clearance is subject to obtaining clearance under the wildlife (Protection) Act, 1972 from the National Board for Wildlife. Further, grant of environmental clearance does not necessarily imply that wildlife clearance shall be granted to the project and the proposal shall be considered by the National Board for Wildlife on merits. The investment made in the project, if any, based on environmental clearance so granted, in anticipation of clearance from the wildlife angle shall be entirely at the cost and the risk of the company and MoEF in this regard shall not be responsible in any matter.	The provision of Wildlife (Protection) Act, 1972 is not applicable as the mine falls outside the Eco sensitive zones notified for the State of Goa.	

(ii)	Environmental Clearance is subject to final order of the Hon'ble Supreme of India in the matter of Goa Foundation Vs. Union of India in Writ Petition (Civil) no. 460 of 2004, as may applicable to this project.	Noted.	
(iii)	The company shall comply with the conditions stipulated in the environmental clearance accorded to the project for the existing capacity.	Noted and complying.	
(iv)	Wild life Conservation Plan shall be prepared in consultation with the office of the Chief Wile life warden and implemented within six months. The plan shall comprise of in-built monitoring mechanism with special emphasis to protection of Schedule- I species. The status of implementation shall be submitted to the Ministry	Conservation plan for wild life has been prepared in consultation with state forest department and submitted to forest department.	A detailed biodiversity management plan is being prepared in association with CEE (Center for Environment Education). The study period is one year and final report is expected by December 2016.
(v)	A 50 m barrier no mining zone on the side(s) of the nallahs flowing across or adjacent the lease shall be demarcated and the barrier shall be thickly vegetated with native species of trees and shrubs.	Not applicable as there is no nallah passing through the lease area.
