

SWACHHATA REPORT FOR SURLA & SONSHI MINES

Year: 2016-17

In an attempt to align the CSR objectives with the Government's Mission of Swachh Bharat Abhiyan, Cleanliness Drives have been conducted at all units of operation. This CSR initiative of Vedanta Sesa Goa Iron Ore Limited aims towards translating the spirit, idea and mission of Swachh Bharat Abhiyan into a regular and routine exercise where the employees take an ownership over this drive and strive towards keeping their premises and surroundings clean.

The concept of 5S was also applied in the process of carrying out the cleanliness drive. 5S is a systematic approach towards our work and life. It is a system that can be followed to improve the environment, standard and beauty of our workplace. Workplace may include home, school, college, shops, office, factory, etc.

5S awareness was also conducted in schools. Toilets were constructed for school and need families in Navelim village so as to make the area open defecation free.

For **Central Cluster – Surla and Sonshi**, the Cleanliness Drive was conducted on **20th July 2017**.
