### **Vedanta – Sesa Goa Iron Ore celebrates National Safety Day**

**Panaji, March 04, 2016:** Vedanta – Sesa Goa Iron Ore across Goa and Karnataka celebrated the National Safety Day. All employees solemnly pledged to affirm and rededicated themselves to the cause of ensuring safety at the work place, in their personal life affirming to observe rules, regulations and procedures and to inculcate the spirit of a safety culture and foster it to ensure safety to life, property and environs in business and for the communities around.

Addressing the employees CEO, Mr. Kishore Kumar said, “Be alert and safeguard yourself and everyone around you at all times. Be a keen observant to spot anything that has the remotest possibility to compromise on safety, alert and avert a mishap from happening. Put safety before everything to prevent accidents and fatalities. Going back home safe to our family every day is the biggest gift we can give to our loved ones,” said Mr. Kumar.

Vedanta Sesa Goa Iron Ore has a strong ongoing institutional commitment to the health and safety of its employees and aims towards sustainable development in harmony with the communities and environments in which they operate. Most of the mines and processing facilities have received International Standards Organisation (“ISO”) 14001 and Occupational Health and Safety Assessment Series (“OHSAS”) 18001 certifications.

The organization actively initiates and participates in a variety of safety programs and campaigns aimed at enhancing awareness to the local communities in which we operate and every year the National Safety Day is commemorated to instil and reiterate the safety culture.

### **Disclaimer**

This press release contains "forward-looking statements" - that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different that those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
