PRESS RELEASE

Village, Karnataka.

Vedanta inaugurates Bio-toilets in Kadleguddu Village

Chitradurga, June 6<sup>th</sup> 2017: The first eco-friendly bio-digester toilet towards a clean and beautiful Karnataka, constructed by Vedanta was inaugurated on 6th June in the true essence of local community participation at the hands of Mr. Prabhudeva, Regional Environment Officer-KSPCB in the presence of Mr. Muralidhar, Environment officer, KSPCB, Panchayat members students, teachers and the Vedanta CSR team at Sri Anjaneyaswamy High School, in Kadleguddu

Mr. Prabhudeva, Regional Environment Officer - KSPCB expressed, "The lack of toilets puts the public health and sanitation in the country at risk. Roughly 60 percent of the country's population still defecate in the open and the consequences on health and hygiene are huge for the society. We appreciate Vedanta's initiative towards aligned to the Swachh Bharat Mission which will enable

communities especially girls to sanitation and hygiene."

Addressing the gathering on this occasion the Panchayat members said "We are indebted to Vedanta for taking up various developmental projects in our region. This initiative of constructing toilets in schools and for local communities will go a long way in eradicating open defecation in

our area."

4 bio-digester toilets have been installed which will benefit at unit around 565 students. Bio-Digester is a decomposition mechanism toilet system which decomposes human excretory waste in the digester tank using specific high graded bacteria further converting it into methane and water, discharged further to the desired surface. The Bio-digester is a total maintenance-free system, which does not require any sewage system. The inoculums bacteria used in these bio-digester procreate and generate new bacteria in an anaerobic environment which exclude the necessity of repeat dosing. This initiative will help reduce girls' dropout from schools.

#### **Disclaimer**

This press release contains "forward-looking statements" – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward–looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different that those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
