

PRESS RELEASE

Public Road Repair by Vedanta at Amona, Navelim Eliminates Life Threatening Safety Hazard

Amona, 27th August 2019: Vedanta Value Added Business recently completed repair work of public road stretch running from Navelim village to Amona Bridge which helped in eliminating life threatening safety hazards for the commuters, as part of its CSR initiative.

The road from Navelim village to Amona Bridge was in extremely bad condition due to deep potholes, posing potential safety threat to the commuters, making it highly unsafe for them and hampering their daily travel. Vedanta team took the initiative to fill up the potholes so that the potential life threatening road safety hazards can be eliminated and safe and smooth traffic movement could be ensured.

Mr. N.L. Vhatte, Head – Vedanta Value Added Business said "At Vedanta, Safety is our top most priority. We always work hard and continuously improvise to develop robust safety mechanism to achieve our vision of ZERO HARM. As a responsible corporate, we have been always in the forefront to contribute towards ensuring safety of our community"

Recently, Vedanta received CII Quality circle Award for effective traffic management improvement initiative in Goa.

Stringent safety practices are an integral part of Vedanta's safety policy and as part of its CSR initiatives, Vedanta has been organizing various awareness programs to promote the safety practices amongst the communities around. Vedanta has been partnering with the concerned authorities for organizing various activities such as safety drives for the benefit of public such as road safety week celebrations, Road signage etc.

Disclaimer

This press release contains "forward-looking statements" – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different that those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
